

# Florida Association for Search and Rescue

*A Professional Interest Section of the Florida Fire Chiefs' Association*

## MISSION

Unify and coordinate the efforts of SAR Responders in the State of Florida.

## Task Force Leaders Working Group Agenda July 8, 2016

Introductions – Todd Livingston

Discussion – Emergency Management Accreditation Program (EMAP) US&R National Standards

Published by ANSI to be adopted as state guideline for FLUS&R

Partnership between FEMA and SUSAR

Can find copy of standard at <http://www.emap.org/index.php/root/about-emap/65-urban-search-a-rescue-standard-july-2015>

SFM Training – Statewide Training Calendar – Scott Chappell

Lake Tech offering specialist series annually as open enrollment

Using SERC track as training calendar, put info in after the fact.

Link will be on SFM site for US&R training calendar – TF having classes can be added to the calendar. Also add exercises to be able to track exercises for documentation for funding justification.

The rule has been finalized

Work Group Report –

Medical Work Group – Joe Hernandez – new chair

New Medical WG schedule

Working on US&R specific protocols to be approved by state medical director

K9 Work Group – John Long TF 5 new chair

Monitoring K9's and certifications

FEMA Update – Water operations being established

Cost figure for teams to manage

Focus on Florida and not EMAC

Implement in pieces of importance. What is needed first?

Need to be mobile, in the shortest amount of time Look at Illinois model to move resources quickly. LTRT's which are heavy rescue locally are fastest follow by the Type IV teams which can roll within 2 hours, etc. Reimbursement issue as well as licensure protection issue.

Training for teams including full scale exercise, position specific, storage and maintenance, administrative can be delayed.

CERFP – Operation Integration VIII – ANG has funding but no funding from state. Two months out but don't have funding for Palm Beach County to be prime agency. August 30<sup>th</sup> Sept. 1<sup>st</sup>.

New Business – EMAP – Guided SME's to certification for US&R. 3<sup>rd</sup> party offering certification validation FL 3 and 5 going through certification process. Discussion on if state needs the 3<sup>rd</sup> party validation for national standard. Some do not agree with allocating funding for the current 3<sup>rd</sup> party vendor or using only one vendor for accreditation.

#### Task Force Reports

TF 1 – Brandon Webb Program Manager – USAID and OFTA sent personnel to Joint Humanitarian Ops Course. Patriot exercises with USAF – participated in 5 day exercise. Hosted K9 fundamental skills assessment. Hosted FEMA US&R meetings. Conducted no notice events. Conducting cooperative drill with FIU and its disaster management Master's program

TF 2

TF 3 – January went through national US&R certification process through EMAP. Not initially successful, completed deficiencies and going before board in October. Starting new series of basic US&R specialties.
