Work Group Leader – Todd Livingston made the announcement of the new TRT work group Leader, Matt Brown of Lakeland TRT. Todd Livingston acknowledged the work and thanked Paul Anderson for his service to the work group.

National 508/509 Typing Draft discussion (Type I only) - Discussion started by Todd Livingston regarding the draft 508/509 technical rescue typing.

Issues needing addressed

1. Ensure Florida Equivalent Training is part of any changes.
2. Prepare a type II position paper for the National Integration Center (NIC)
3. Review the type I and determine the impact of adopting the national type I
4. Review any equipment lists associated with the typing and determine impacts associated.
5. Review the type II TRT and update the tier II to reflect a minimum of two technician's as part of the six person team.

EMAP Mission Ready Package cost estimate Template completion

Request all teams provide a 218 vehicle inventory form for deployed assets of the TRT.

Request all teams complete the MRP form to identify costs associated with the TRT deployment.

Develop specific missions associated with the TRTs

TRT Mission: discussion on the possible missions

1. Stand Alone TRT
2. Attachment to US&R taskforce
3. EST/TRT

SFM report – Scott Chappell reported

Self-Assessment – The majority of the teams have reported in and will be creating report to publish identifying the teams capability.

TRT roster update – Teams that had dropped out are re-engaging and will send out an updated roster of active teams.

US&R training calendar – Scott Chappell advised has an active calendar of available course and can be accessed.

Ormond Beach, Florida 32174  
Phone (386) 676-2744 - Fax (386) 676-5490

Technical rescue team reports – No reporting teams

New Business Improve the communications to the team by developing a group email.

Action Items to be completed;

1. Update TRT Roster and contact information, Vehicles each team intends to deploy with and complete the MRP cost forms.
2. Develop a Position for public comment on the National Typing Documents for 508/509.
3. Re-Assess the Type II staffing requirements and consider of the six the team leader and safety be at technician level.
