No	Goal	Outcome	Objective	Performance Measure	Anticipated Completion Date
1	Maintain an accurate listing of SAR resources for ESF9	Sustainment of the system	<p>1.1 Create a database of resource information to include typing, primary and alternate contact and associated information.</p> <p>1.2 Review and update FASAR typing document of resources on annual basis</p>	<p>1.1 Database established and location determined and in operation</p> <p>1.2 FASAR Vice Chair shall be responsible for contacting each resource to update the database every March of the year.</p>	<p>1.1 On going</p> <p>1.2 On going</p>
2	Provide an accurate listing of regional representatives for ESF9	Sustainment of the system	2.1 Review and update FASAR regional representative contact list on annual basis	2.1 FASAR Chair shall be responsible for contacting and update the database every March of the year.	2.1 On going
3	Enhance the US&R and Technical Rescue program	Enhancement of the system	<p>3.1 Achieve liability coverage for all civilian responders</p> <p>3.2 Achieve reimbursement</p>	<p>3.1 Approved State statute assignment</p> <p>3.2</p>	<p>3.1 On going</p> <p>3.2 Priority</p>

			protocol for all civilian responders	Approve Protocol from system	
			3.3 Establish a legislatively funded US&R system	3.3 Achieve Legislative approval	3.3 On going
			3.4 Develop and implement the US&R Incident Management Team	3.4 Implementation of an IMT	3.4 Active 2018
			3.5 Complete US&R team build out and critical needs	3.5 A priority list developed to strive for federal funding	3.5 Completed
			3.6 Establish a US&R funding priority list	3.6 An established list of prioritized funding issues in place to support Federal funding cut backs	3.6 Annually
			3.7 Maintain technician level certification and re-certification training	3.7.1 Annual Training Calendar is established	3.7.1 December of each year for the following year
				3.7.2 Training database is maintained by the FC-DICE system	3.7.2 Completed

				<p>3.7.3 Pro-Board certification process is completed and available for all task forces</p> <p>3.7.4 Technician level curriculum is made available for agencies providing re-certification to members</p> <p>3.8 Annual Specialty training calendar is established</p> <p>3.9.1 Establish a schedule for EMAP Certification and validation</p> <p>3.9.2 A protocol is established that would allow a resource to upgrade it's status to the next higher level</p> <p>3.9.3</p>	<p>3.7.3 Recalled</p> <p>3.7.4 Completed</p> <p>3.8 December of each year for the following year</p> <p>3.9.1 On going</p> <p>3.9.2 completed</p>
			<p>3.8 Maintain specialty position specific certification and re-certification training</p> <p>3.9 Maintain/ update the Operational Assessment adopting the National US&R Standard</p>		

				<p>A protocol is established to allow a non recognized resource to become recognized</p> <p>3.10 Increase the numbers of Structure Specialists, Medical Managers (Doctors) and Canine handlers to the system inventory</p>	<p>3.9.3 August 2012</p> <p>3.10 On going</p>
4	Develop and Enhance the Wilderness Search and Rescue Program	Enhancement of the system	<p>4.1 Establish a relationship with the State Sheriff's Association and FDLE for available SAR assets</p> <p>4.2 Identify and Validate SAR assets in Florida</p> <p>4.3 Update the State Typing policy to include wilderness SAR assets</p>	<p>4.1 A state notification protocol is established for call out procedures for lost persons</p> <p>4.2 An database is established with current wilderness SAR assets</p> <p>4.3 Update the current document</p>	<p>4.1 On going</p> <p>4.2 Active 2018</p> <p>4.3 Active 2018</p>

			4.4 Establish a minimum equipment cache recommended for standardization	4.4 Standard wilderness SAR equipment is provided	4.4 Active 2018
			4.5 Develop an Operational Assessment Evaluation process to validate wilderness SAR units	4.5 Complete self evaluation document and evaluation document	4.5 Active 2018
			4.6 Establish minimum training requirements for wilderness SAR units	4.6 Training programs or curriculum located or developed	4.6 August 2012 Update 2018
			4.7 Establish a wilderness SAR position description document	4.7 Provide a document identifying roles and responsibilities for each position assigned to a wilderness SAR team	4.7 Active 2018
			4.8 Establish a funding and reimbursement	4.8 Provide a matrix that	4.8 Active 2018

			protocol for Wilderness SAR deployments	would be used to cover the expenses of a wilderness SAR units readiness and operational deployments	
5	Develop and enhance air deployable search and rescue capabilities	Enhancement to the system	<p>5.1 Establish a annex to the State Air Operations Plan for Search and Rescue</p> <p>5.2 Provide training and exercise the plan</p> <p>5.3 Provide a basic load plan and planning protocols for equipment on the air missions</p> <p>5.4 Establish an interoperable communications plan for the air SAR operation mission</p> <p>5.5 Establish a drone</p>	<p>5.1 Approved annex is added to the State Air Ops Plan</p> <p>5.2 Schedule and complete the training and exercises</p> <p>5.3 Complete loading for equipment identified for air SAR missions</p> <p>5.4 Complete and publish to all agencies the Comm Plan</p> <p>5.5 Research and develop</p>	<p>5.1 Introduced 2010 Updated 2018</p> <p>5.2 On going</p> <p>5.3 May 2010 Update 2018</p> <p>5.4 May 2010 Update 2019</p> <p>5.5 Jan 2016</p>

			operations program	typing, funding, protocols, and authorities for use	Update 2019
6	Establish USNG/GPS mapping with standardized GPS and computer mapping software	Enhancement to the system	6.1 Contact all SAR groups and submit a program directive indicating a standardized mapping system	6.1 All SAR units standardized compatibility for mapping software and GPS use	6.1 June 2011 Update 2019
7	Develop and enhance the water rescue program	Enhancement to the system	7.1 Identify and validate water assets in Florida 7.2 Develop an Operational Assessment Evaluation process to validate water rescue units 7.3 Establish minimum training requirements for water rescue units 7.4 Establish a water rescue position description document	7.1 An database is established with current water rescue assets 7.2 Complete self evaluation document and evaluation document 7.3 Training programs or curriculum located or developed 7.4 Provide a document identifying roles and responsibilities for each	7.1 2019 7.2 2019 7.3 2019 7.4 2019

			7.5 Establish a reimbursement protocol for water rescue deployments	position assigned to a water rescue teams 7.5 Provide a matrix that would be used to cover the expenses of a water rescue units deployment	7.5 2019
