

FFCA Fire Service Liaison Officer's Information Dissemination for April 22, 2020

Submitted by Jim Dixon

Current Situation:

- PPE continues to be an issue; logistic requests for PPE should be **realistic** and not exceed a 10 day burn rate. Strategies should be developed to reduce the burn rate of PPE until the cache of PPE can catch up. Use the standard Requisition Request Form #0067 in WebEoc the form created on 4/18/20 has been deleted. **Fire Departments to coordinate with their County EM to ensure their PPE needs are clearly understood.**
- Some of the field hospitals are ramping down due to the downward trend of cases.
- The need for ICU/Ventilators remain stable with some reduction.
- Continued focus on long term care facilities with REST and IMT's. These facilities have seen a spike in cases with 1985 positive cases.
- Miami-Dade County is showing a decrease in positive case rate from 20 to 12%.
- Finalizing plans for Friday opening of new walk up testing/collection sites
- *On-going:* Working to determine effect of COVID-19 on the Fire Service personnel and departments.
- *On-going:* Florida's 5 STEPS to combating COVID-19
- *On-going:* USCG continues to monitor cruise ships off Florida's coasts.
- *On-going:* Continued efforts for increasing lab capabilities new lab to open in Alachua County.
- *On-going:* Draft Wildfire Contingency Plan developed and is under review by FFS. Currently **28** active wildfires
- Monitoring weather. Severe Weather Threat for Thursday.
- Monitoring CDC efforts in validation of rapid and antibody testing.
- **27,869** COVID-19 cases; **910** deaths; **289,218** people tested, >50% of the positive cases are in SE FL.
- Total SEOC Missions: **15,687**

Important takeaways for this document:

- PPE arriving is being deployed coordinate with County EM to ensure your realistic PPE needs are clearly understood
- Social Distancing and 5-STEPS continues to be pushed out
- Wildfire Contingency Plan draft is under review

FL Professional Firefighter COVID-19 Cases*

Cases	Out of Service
122	603

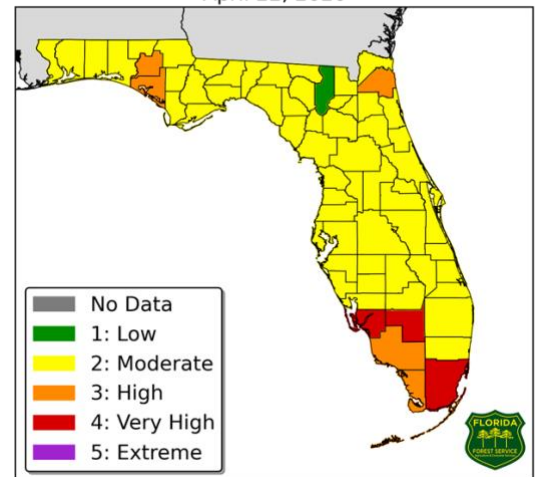

*This number represents a cumulative compilation of data based on IAFF survey replies and FPF District Surveys conducted by each District VP. THIS DOES NOT REPRESENT EVERY FIRE DEPARTMENT IN FLORIDA
