

# FFCA Fire Service Liaison Officer's Information Dissemination for April 30, 2020

Submitted by Patrick Kendrick

Stop Introduction

Test, Test, Test

Elderly & Vulnerable Protection

Prepare Hospitals

Social Distancing

## Current Situation:

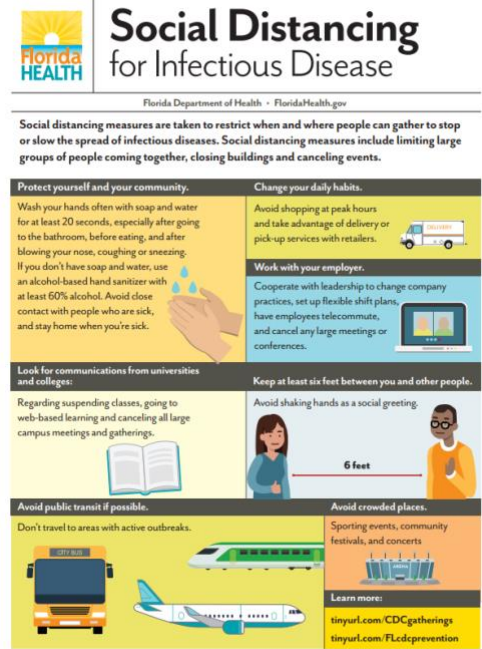

\*The Batelle PPE decon station for cleaning masks in service and located at the Hardrock stadium in Miami. All health and fire systems who need masks are encouraged to gather their used masks for cleaning and bring or send them by Fed Ex to the site. The process takes 3 days. It is operational now.

*On-going:* PPE continues to be an issue; logistic requests for PPE should be **realistic** and not exceed a 10 day burn rate. Use the standard Requisition Request. **Fire Departments to coordinate with their County EM to ensure their PPE needs are clearly understood.**

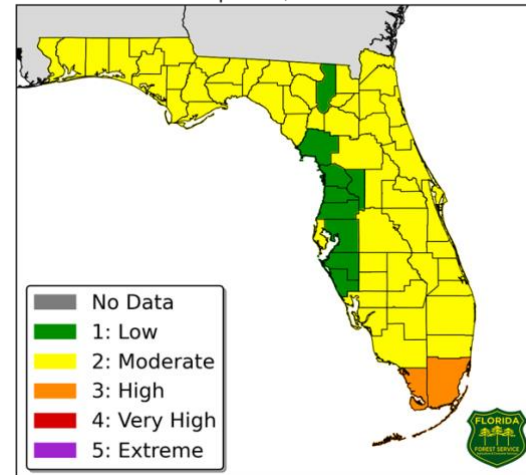

Continued need and focus for testing with a greater concentration of rural testing and contact tracing.

- Evaluation of upcoming expiring EOs and the need for renewal as well as potential impact should they not get renewed.
- Governor outlined Phase one recommendations yesterday and underscored increased testing across the state.
- Developing pre-hurricane season strategies for submission to FEMA.
- Procurement and implementation of mobile lab (vehicle based) with up to 500/day testing capability to go into communities
- *On-going:* Request for ESFs to evaluate what possible actions/changes would be in line with potential opening of businesses and activities.
- *On-going:* Surgeon General and staff preparation and strategy development for antibody testing, possibly by next week.
- *On-going:* **Severe Weather Forecast in Central and South Florida, risk level is Marginal**
- *On-going:* Active Wildfire Report. Currently **43** active wildfires, **1047** acres
- COVID-19 cases; **1268** deaths; **384,153** people tested, **33,690** positive, over 50% of those are in SE FL. **382** occurring in long term care facilities
- Current positive testing rate remains stable at 9%
- Total SOEC Missions: **17,273**

**COVID-19 impact to Florida Firefighter Cases, reporting on 32,891 FF's from 256 departments.**
