

FFCA Fire Service Liaison Officer's Information Dissemination for April 5, 2020

Submitted by Brett Pollock

Current Situation:

- FLNG working on final draft of County modeling
- Implementation of food distribution plan awaiting final approval
- Infection control team to respond to identified nursing homes
 - 9 FL nursing homes have >5 COVID Patients
 - 40-50 FL nursing homes have 1 – 4 COVID Patients
- Governor and USCG Admiral to have conversation related to cruise ships off Florida coast and need for plan in dealing with COVID.
 - Estimated there are 35/36k cruise ship crewmembers off the coast of Florida
 - Evaluation of CDC guidance issues late yesterday for cruise ships
- Based on implementation of mitigation strategies on or around March 19th and estimation of a 10-day cycle for COVID symptom, look to begin seeing positive outcomes from these mitigation strategies.
- Non-congregate housing App being created. Data management will be managed by County EM
- *On-going:* Working to determine effect of COVID-19 on the Fire Service personnel and departments.
- *On-going:* Very limited PPE available.
- *On-going:* Continued monitoring of cruise ships off Florida's coasts.
- *On-going:* ESF-8 working with USACE on statewide surge plan and establishment of field hospital in Miami-Dade and Broward Counties.
- *On-going:* Waiting on guidance from Surgeon General on first responder passive exposure
- *On-going:* Wildfire contingency plan still being developed
- Currently 65 active wildfires
- 12,151 COVID-19 cases; 218 deaths; 114,580 tested
- Total SEOC Missions: 11,504
- FL Professional Firefighter COVID-19 cases: 44*

*This number represents a cumulative compilation of data based on IAFF survey replies and FPF District Surveys conducted by each District VP. THIS DOES NOT REPRESENT EVERY FIRE DEPARTMENT IN FLORIDA.

Important takeaways for this document:

- **County modeling being created**
- **Nursing homes showing increased cases**
- **Non-congregate housing App being created**
- **Cases continue to increase**
