

# FFCA Fire Service Liaison Officer's Information Dissemination for May 2, 2020

Submitted by Patrick Kendrick

Stop Introduction

Test, Test, Test

Elderly & Vulnerable Protection

Prepare Hospitals

Social Distancing

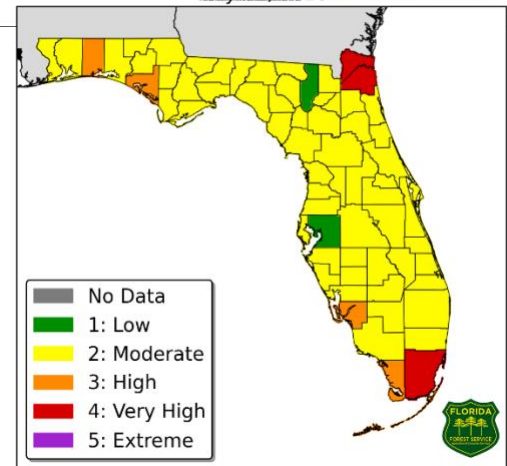

## Current Situation:

\*The Batelle PPE decon station for cleaning masks is in service at the Hardrock stadium in Miami currently. All health and fire systems who need masks are encouraged to gather their used masks for cleaning and bring or send them by Fed Ex to the site. The process takes 3 days

*On-going:* PPE continues to be an issue; logistic requests for PPE should be **realistic** and not exceed a 10 day burn rate. Use the standard Requisition Request. **Fire Departments to coordinate with their County EM to ensure their PPE needs are clearly understood.**

Continued need and focus for testing with a greater concentration of rural testing and contact tracing.

- Plans to review expiring Executive Orders to determine resources no longer needed such as screening travelers at the state lines
- Developing pre-hurricane season strategies for submission to FEMA. **We're one month away from the start of the hurricane season.**
- Launching mobile lab (vehicle based) with up to 500/day testing capability to go into communities. Developing of route plan for mobile lab, which is scheduled to begin next Tuesday to serve underserved populations.
- *On-going:* Request for ESFs to evaluate what possible actions/changes would be in line with potential opening of businesses and activities.
- *On-going:* Surgeon General and staff preparation and strategy development for antibody testing, possibly by next week.
- *On-going:* **Weather Forecast is mild for the next few days then temperatures will begin to rise.**
- *On-going:* Active Wildfire Report. Currently **42** active wildfires, **1591** acres
- COVID-19 cases; **1364** deaths; **417,764** people tested, **35,463** positive, over 50% of those are in SE FL. **431** occurring in long term care facilities
- Current positive testing rate remains stable at 9%
- Total SEOC Missions: **17,763**

## COVID-19 impact to Florida Firefighter Cases, reporting on 33,107 FF's from 262 departments.

| Positive Cases | Out of Service |
|----------------|----------------|
| 150            | 365            |

| Fire Service Liaison Officer – General Information Request: Submitted | Being Processed | Waiting Response | Completed |
|---|-----------------|------------------|-----------|
| 22  | 0               | 0                | 22        |

If any Fire Chief is seeking information on rumors, issues, or has questions that they are unable to have answered locally, they can email questions or requests to [fireserviceliason@ffca.org](mailto:fireserviceliason@ffca.org) and our Fire Service Liaison Officer will work to get the information they need. This service will be available to our members beginning March 27, 2020 and will be available 7 days per week. Please use the ICS 213 form to submit your request for information. If you are

unable to use the form, we have setup a call-in number (850) 413-3634.

- [Click here](#) for the PDF ICS 213 form.  
*(Download the form, complete the fields, and click the Submit Form button to send a copy of the completed PDF to the Fire Service Liaison via email)*
- [Click here](#) to complete the ICS 213 web form.  
*(Visit this link and complete the web form. Once you submit the form, both you and the Fire Service Liaison will receive a confirmation email with the details of your inquiry)*
