

COVID19 SEOC Morning Briefing
03/21/2020

SEOC at Level 1 07:00-19:00

DOH State Surgeon General

- With testing there will be need for additional DOH follow-up with individuals and the need for more materials and supplies.
- Continued messaging to all healthcare sectors on screening of patients.
- Continued messaging specific to the criteria of testing at the local and regional testing sites.
- Testing will provide valuable information, but social distancing remains the key.

SERT Chief

- Ordered materials are beginning to arrive in bulk and Logistics to evaluate the need for additional hours of operations to ensure timely distribution.
- Major focus and efforts on materials distribution.
- Every job sector should be performing some type of screening if involved with personal interaction and not able to utilize social distancing.

DOH current case dashboard

Note: dashboard may not match most current reported cases due to lag time updating data.
